Group 6- Sprint 1 review

(Omar Al-dulaimi, Entor Krasniqi, Doni Kojovic, Sarujan Mathyruban)

What has been done :

- Form a Project Team
- Create Product Vision
- Select a Project Topic
- Select the technologie
- Document your chosen technology stack and explain the reasoning behind your decisions in the project's Github
- Set up a Project Management Tool
- Reate the initial product backlog
- Desing the Application UI
- Project planning

What is in progress:

- **None**

Obstacles we faced:

In sprint 1 we didn't face any obstacles.
